YAB Tuan Chow Kon Yeow

Foreword from the Chief Minister of Penang

Since its launch in 2020, the Penang Youth Volunteer initiative has received a favourable response and has now grown positively.

With the main objective to expose our youth to volunteering activities, in addition to increasing their patriotic spirit and building good relations with communities, this early exposure is very useful especially in the aspect of holistic youth development.

Therefore, on behalf of the Penang State Government, I would like to say well done and congratulations to the 3,528 youths who have made good use of the established Penang Youth Volunteer platform by executing their given duties and responsibilities excellently.

In alignment with **Vision Penang2030 – A Family-Focused Green and Smart State That Inspires The Nation**, the agenda of empowering the people through community participation in such a platform has put Penang on the right track in realising this shared aspiration.

Finally, well done and congratulations once again to the Penang Youth Development Corporation (PYDC) which has been taking the lead and has always been consistent in helping to realise this collective aspiration to develop the state of Penang as a developed and progressive society through youth development.

Hopefully, with all these continuous efforts, we will be able to put Penang's position one step ahead.

Thank you.

YB Tuan Soon Lip Chee

Foreword from the Penang State EXCO for Youth and Sports

Greetings to all Penang Youth Volunteers.

On this occasion, I would like to express my deepest appreciation especially to all the Penang Youth Volunteers for their efforts and contributions as well as to all parties who have given support and commitment in making every Penang Youth Volunteer programme a success.

The Penang Youth Volunteer is an initiative launched by the State Government under the Penang State EXCO for Youth and Sports, at the beginning of 2020. This initiative is in line with Vision Penang2030 in increasing the social participation of Penang youth and creating a progressive society through youth development.

The youth plays a role not only as leaders, but also as the initiator of influential leadership for the young. Therefore, the youth needs to be honed, coached, and guided as best as possible to ensure that our state continues to lead excellence.

On behalf of the State Government, we always prioritise the needs of the youth in implementing various policies, and agendas. The Penang Youth Volunteer initiative is one of those agendas. On this platform, various skills, passion, and noble values can be instilled and this is a very significant and comprehensive aspect in the moulding of a young person. Furthermore, the competency, competitiveness, and marketability of our youth can also be enhanced continuously.

This has been proven by our Penang Youth Volunteers in their various involvements throughout these two and a half years despite the pandemic. They have shown a valour that I greatly admire in many ways including leadership, team spirit, and their generosity in contributing to our community.

Well done and congratulations to all the Penang Youth Volunteers!

Foreword from the General Manager of Penang Youth Development Corporation (PYDC)

The Penang Youth Volunteer programme is an initiative launched by the State Government under the Penang State EXCO for Youth and Sports in 2020. The Penang Youth Development Corporation (PYDC) has been entrusted as the implementing agency to make this initiative a success.

Since this programme was launched, various activities and development programmes have been held to empower the talents, potentials, and skills of our Youth Volunteers. Through the platform created, we are confident that this can further strengthen the various skills and leadership of our youth, as well as to foster team spirit among the Penang Youth Volunteers.

The Penang Youth Volunteer is divided into seven (7) categories, namely Environment, Disaster Aid, Charity, Education, First Aid, Arts & Culture, and Sports. As of January 2023, a total of 3,528 youths have been registered as Penang Youth Volunteers in accordance to the categories they are interested in.

During these two and a half years, I have witnessed an abundance of enthusiasm and contributions from our Youth Volunteers and this is evident in every volunteering activity they participate in. We truly appreciate and are proud of this benchmark by our Youth Volunteers. Therefore, this initiative should continue and flourish to further empower the youth in our community throughout the state of Penang.

Finally, I call upon the youth to invite your friends to join the Penang Youth Volunteers. Let us join hands together to contribute to the community of Penang and our society while enriching our very meaningful personal experiences.

Well done and congratulations.

The Penang Youth Volunteer was launched on the 1st of March 2020 by the Penang Youth Development Corporation under the Penang State EXCO for Youth and Sports.

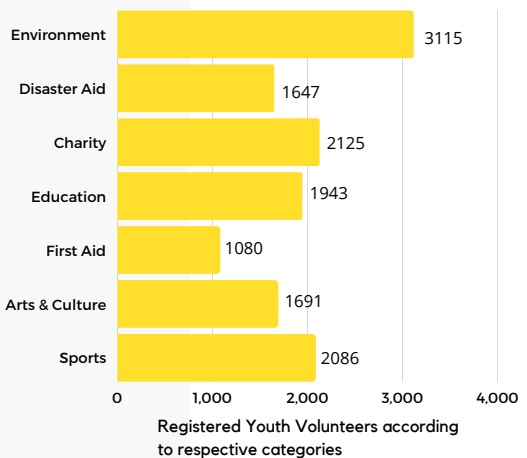

The Penang State Government aspires to create a progressive society through youth development in alignment with the Penang2030 Theme C2 strategy which emphasises increasing the participation of youth, women and seniors in community life. Therefore, PYDC welcomes the active engagement of our youth in this initiative.

**LAUNCHING CEREMONY OF THE PENANG YOUTH VOLUNTEER
1ST MARCH 2020**

OBJECTIVES

- Incubate a team of volunteers among Penang youth who are dedicated in offering voluntary services to the local community.
- To instil community leadership among the youth while building youth relations with the community.
- Encourage social participation among youth and provide a platform for Penang youth to be active in volunteering activities.
